FOR IMMEDIATE RELEASE

New USHIO Hilux Gro™ 600W Double-Ended Lamps for Plant Growth

Cypress, California (May 2019) — Ushio America, Inc. is proud to introduce new 600W DE HPS and DE MH lamps to its Hilux Gro™ professional-grade horticulture series. Specifically designed and rated for use in open fixtures, these 600W DE lamps are optimized to run on 600W electronic ballasts.

Growers can maximize potential in smaller spaces or increase supplemental lighting efficiency. With the same optimized spectral output as the 1000W lamps, these DE 600W versions also feature the highest output and efficiency at 1150 µmol for DE HPS and 1040 µmol for DE MH. The Hilux Gro 600W DE lamps are made in Ushio's European ISO factory with the high-quality construction and consistency customers have come to expect from the USHIO brand.

For more information on the USHIO Hilux Gro 600W DE lamps, visit www.ushio.com or call our customer service representatives at 800.838.7446.
