**FOR IMMEDIATE RELEASE**

## **Ushio America introduces New Midori™ ULB-35i UV Fiber-Optic LED Illuminators**

Cypress, California (September 2017) — Ushio America manufactured two new UV fiber-optic LED light sources to its Midori ULB-35 series where both light sources are equipped with an integrated filter to significantly reduce visible light in UV operation mode to meet the most demanding FPI applications.

This **Made in USA** energy efficient LED fiber-optic illuminator series combines state-of-the-art, solid-state illumination technology with Ushio's distinctive optical design to create a compact and lightweight fiber-optic lightbox with very high output efficacy that is ideal for industrial applications where space is a premium. This mercury-free, long-life ULB-35 LED light source has instant-on and extended electronic intensity dimming capabilities. The ULB-35 series light sources conveniently accepts a 12VDC input voltage for portable battery operation.

The ULB-35rvi is a single UV output unit that is equipped with an ACMI fiber receptacle, as well as separate Storz and Olympus screw-in adaptors are available to accommodate most common fiber cable types. The ULB-35ndt is a dual channel unit with both UV and VIS output capability to meet the most demanding applications by rotating the Olympus style adapter to the preferred output. Consider Ushio America's eco-friendly Midori ULB-35 fiber-optic LED light source for your next specialty lighting project. The lightbox can also be configured to OEM custom specifications for private labeling.

For more information on the Midori™ ULB-35i UV fiber-optic LED light sources or any of the other lighting-edge technologies from Ushio America, Inc., visit [www.USHIO.com](http://www.USHIO.com) or call 800.838.7446.

### **About Ushio America, Inc.**

Ushio America, Inc. is a leading manufacturer of Specialty and General Illumination lighting solutions based in Cypress, California. Established in 1967 as a subsidiary of Ushio, Inc., in Tokyo, Japan, USHIO now carries over 2,500 General Lighting and Specialty products. These Lighting-Edge Technologies™ are provided to a variety of industries such as general illumination, audio-visual, photographic, stage, studio and television, semiconductor, printed circuit, video projection, cinema, UV curing, germicidal, horticulture, graphic arts, flashlight, scientific, medical, dental, ophthalmic, infra-red heating, and many others.
