**FOR IMMEDIATE RELEASE**

## **Ushio America Introduces New Utopia™ PRO LED A19 Lamps for Fully Enclosed Fixtures**

Cypress, California (February 2018) — With the Utopia™ PRO LED A19 lamp, Ushio America delivers a true omni-directional LED replacement for the popular 60W A19 incandescent lamps.

Designed with a 240° beam angle, the Utopia PRO delivers uniform light distribution over a wide area. For use in fully enclosed fixtures, these lamps replicate the fit, form, and function of traditional incandescent A19 lamps and last up to 25 times longer.

With a rated life of 25,000 hours and an energy savings of 85% compared to 60W incandescent lamps, the Utopia PRO LED A19 is ideal for most applications. Available in 9W, these dimmable lamps have an E26 medium base suitable for use in ceiling fixtures, recessed fixtures, sconces, pendants, and other decorative fixtures.

Ushio America is proud to stand behind these ENERGY STAR® certified LED lamps with a 3-year limited warranty. These LED A19 lamps operate on 120V with Soft White (2700K) and Daylight (5000K) color temperatures.

For more information on the Utopia PRO LED A19 lamps or any of the other lighting-edge technologies from Ushio America, visit [www.ushio.com](http://www.ushio.com) or call 800.838.7446.
