

# ATTO ONE

ATTO ONE is the perfect companion for your DSLR or Smart Phone Camera Rig, Gimbal, LED Light or back up power to your laptop. The only battery of its class with D-Tap, USB-C, 7.4VDC, and USB-A outputs, this 37W/hr battery is super small and weighs only 220g. With the ¼-20 threads, the battery can be mounted almost anywhere. All outputs can be used at the same time with a maximum of 74W. Convenient charging is done via the USB-C port.
