

# MINI SKYPOWER

## 48V Mini Portable Power Adapter

The Mini Skypower is a compact and portable DC power solution to operate 48V Camera and LED lighting equipment with existing Gold-Mount and V-Lock batteries. Expand your lighting applications to remote locations where wall power and generators are not available or feasible.

While utilizing two high wattage and high amperage 14.8V or 26V batteries, the voltage is transformed automatically to 48V DC output to a 3-pin XLR port.

### 48V - DC OUTPUT ADAPTER

Mounting	Part Number	Item Number
V-Mount	FX-48D	1004999

#### DC Output Adapter

DC Input	14.8V * 2 (Output: 48V / 400W max.) or 26V * 2 (Output: 48V / 480W max.)
DC Output	48V / 10A

**Mounting Thread**  
3/8" Thread

**Outputs**  
1 x 48V XLR Output
